

MOUNTAIN VIEW
— COMMUNITY CHURCH —

Financial Update

Spring 2023

On Behalf of the MVCC Pastors

Getting to see so clearly what the Lord is doing through the generosity of people at Mountain View is something that I don't take lightly. Whether it's Fort Collins or beyond, people are hearing the good news of the Gospel because of the sacrificial giving of our church body. What an amazing thing! We believe that our giving is always worship to the Lord and should be from the first fruits of what comes to us. Thank you for partnering with us and believing in the Kingdom work that is taking place here at Mountain View.

—Aaron LeDuc

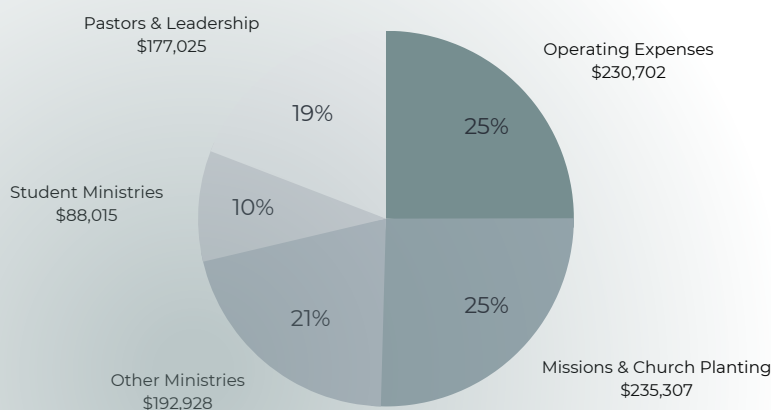

November - February Numbers

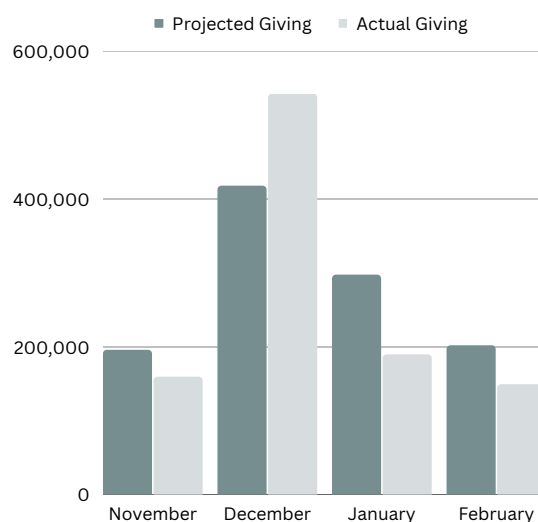

November to February represents the main chunk of our giving season - December is by far our highest giving month year after year. This year we continued that trend as our December giving absolutely crushed our previous highest month. As seen below, \$542,168 was given towards general giving during the month. As a result, the money that subsequently went out for missions & church planting was the highest we'll see all year, as several of those payments are a fixed percentage towards our Crossway network (see next page for more details).

While our YTD giving continues to lag our targeted amounts, our actual spending has also been less than what we were expecting. Thanks to some staff changes and cost savings on our mortgage payments, we're projecting to end the fiscal year approximately \$200k less than what we initially anticipated. In the end, these savings are just another example of how our Father provides.

MVCC Giving

Where is our money going?

Mountain View believes that we exist to make Christ known from Fort Collins to the ends of the Earth - for us that means prioritizing missions, church plants, and student ministries. In this section, we'll highlight a few of the amazing stories that we, as a church, have been able to be a part of over the last four months.

Denver Church Plant

As many of you know, our very own Adam and Joanie Bailey are being sent this summer to plant Skyline Church down in Denver. For the last two years, they have been praying for direction, organizing countless logistics, and preparing their hearts to share the gospel with the people of Denver. The team will consist of the Baileys, Emily Harris, Paul Boehner, and 18 other individuals on the launch team. Emily will be on staff as the College Ministry Resident and Paul will be on staff as the Worship Resident. The team will officially be sent from Mountain View on May 7th and launch in Denver in the Fall. We are so excited for all the Lord has in store for them in Denver this year! Would you join us in praying for this team?

Crossway Network

Mountain View is a part of the Crossway Network of church-planting churches. Crossway's mission is to support healthy, reproducing churches through leadership development, financial support, and various equipping opportunities. Here at Mountain View, we invest three percent of all giving into a strategic and collaborative church planting fund for Crossway Colorado. Another five percent is given to churches planted West of the Mississippi (Crossway Western Region). Our own Denver church plant this year will be heavily supported from this Western Region collaborative fund for at least the next three years. To learn more about the Crossway Network, visit www.crosswaynetwork.org!

Other Church Plants

Since we value church planting so highly, we also want to steward our finances well to reflect that. In the last four months, we have given over \$23,000 to church plants in Greeley, Sheridan, and Bozeman. While we know the Lord doesn't need our money, we want these like-minded churches to feel equipped and supported as they share the gospel with their communities.
